Safeway Logistics Solutions utilizes a base price of \$1.30 per gallon for diesel to establish our fuel surcharge and view fluctuations of +/- \$0.05 to be normal operating costs.

Safeway Logistics Solutions utilizes the diesel pricing based on the Central Atlantic Price (PADD1B).

The price published each Monday will be used from Tuesday of that week through Monday of the following week.

In the event the fuel exceeds \$4.45 per gallon, the fuel surcharge will continue to increase at the rate of .05% for each \$0.05 per gallon increase in the price of fuel.

**All Fuel Charges are effective upon acceptance and subject to regular review and adjustments.**
